TO CHILDREN...

Butterflies are a symbol of the resurrection of Jesus Christ. Jesus said, "I am the resurrection and the life. The person who believes in me, even though he dies, will live." John 11:25. As a school project, I am asking all of my WFS friends to color the attached butterflies and write your name on the line under the butterflies. Return your butterflies to your teacher. The butterflies will then be displayed in our school hallway. How beautiful it will be with dozens and dozens of colorful butterflies fluttering about the WFS hallway!
