29 Wee Folk Sunday 9:30 am	30					

We will start the month of April talking about the rain and the water cycle. Then we will learn about caterpillars and butterflies as we prepare to watch our own caterpillars turn into butterflies. At the end of the month we will begin preparing for our field trip to Green Meadows Petting Farm on May 10th by learning about some of the food grown on a farm and some animals that live there. On April 29th, Evangelical Lutheran Church will have their annual "Wee Folk Sunday." Please join us for a morning of worship and conversation about this wonderful ministry of the church. Love, Miss Michelle & Miss Robin
