29	30					

We are very excited to start the school year and eager to meet our little ones. This first month, we will focus on getting to know the classroom and each other. The children will enjoy activities in all areas of the classroom and will begin to discover how we play and learn in school! One week of each month, we will design our activities around a classic Bible story. This month's story is about creation which ties in nicely with getting to know each other and learning how each one of us is special. The child with the shape next to his/her name is the one who supplies snack for that week. This month's shape is an apple.

Love, Miss Marianne, Miss Pamela & Miss Lauren
